

**NORTH CONEJOS SCHOOL DISTRICT
2020-2021 PARENT OPT-IN FOR SCHOOL TRANSPORTATION**

North Conejos School District (District) will return to school with in-person and online learning options. To support families who opt to return to in-person learning, the District will offer transportation to and from school for resident students whose parents/guardians complete and submit this opt-in form.

Due to the ongoing COVID-19 pandemic, parent/guardian opt-in for District transportation is entirely voluntary. COVID-19 is extremely contagious and is thought to spread primarily from person-to-person contact. In accordance with applicable law and in consultation with federal, state, and local education and public health agencies, the District is implementing preventative measures intended to reduce the risk of COVID-19 transmission in the provision of transportation services. However, the District cannot guaranty that students who ride District transportation will not become infected with COVID-19. In fact, riding District transportation could increase a student’s risk of contracting COVID-19. For this reason, students who ride District transportation shall comply with policies, rules, and regulations that the District may establish from time to time, including measures implemented by the District to reduce the risk of COVID-19 transmission. Students who fail to comply with such policies, rules, and regulations will not be permitted to ride District transportation.

By your signature(s) below, you acknowledge that you have read and understand the risk of COVID-19 transmission inherent in riding District transportation and that you knowingly, voluntarily, and of your own free will opt-in the students identified below to ride District transportation during the 2020-2021 school year. You further acknowledge that you can opt-out of District transportation at any time and for any reason by notifying the District in writing. You agree that you and your student(s) will comply with the policies, rules, and regulations that the District may establish for its transportation services from time to time.
