

North Conejos School District R E 1-J

Hello Centauri Community,

November 9, 2022

The Health & Prevention Professionals meeting met today and we discussed a number of great things that we'd like to do in our schools!

- We are going to look into a trauma informed training that will help all staff identify risk factors of students.
- We are continuing to discuss the Dream Project material and how we can get our buildings uniform when it comes to mental health.
- We're going to start collaborating with different month themes/events for each school building.
- We are still looking into a grant that would help us hire a mental health counselor, or two, to better assist our students.
 - We currently have someone who comes to the high school and meets with students so we're going to look at utilizing her in other buildings as well.

We would like to invite any interested community member to join our Health & Prevention meetings. We meet every second Tuesday of the month at 9am in the central office conference room.

Thank you!
